Announcements

Safety at our Church

We have begun improving safety for all who use our Church premises. Clean-ups have happened in our hall and in our shed and will continue to through other parts of our site. Electrical cables and appliances now have a testing tag in place. What some may not aware of is that we have found and attended to a number of electrical items that have not been electrically safe for one reason or another. If you need to use an electrical item, check to see if the date on the tag has not expired. Safety hand rails have been installed in a cubical of the ladies toilets to assist with those who have problems with their mobility. Additional signage will also be going up around the Church. More safety improvements to follow as we progress through our safety audit. If you spot something you feel is unsafe please let one of the Deacons know, so that we can attend to it.

Thank you...David Johnson

LOCKING UP ...

It is great to see that not so many doors are being left unlocked or open when people are not around - many thanks to those who use our facilities and check to ensure that all is secure when they leave.

Unclaimed property

We have been accumulating a range of unclaimed and unaccounted for property for some time now.
