PRAYER

On this week's Prayer Roster is Pr Scott and family who are moving house.

Do you have a Box Trailer ...?

Our Church has extensive gardens which produce continual green waste that needs to be removed or transported to a main dumping area out the back of the church property. I know many of our members have personal box trailers which can be borrowed at any time but a lot of time would be saved if the church had its own.

Do you have a Box Trailer - registered/unregistered in good/poor condition that can be bought by the church to be used for keeping our church gardens tidy. Contact Moppy - Andrew Bruce 0414331969

Avondale College of Higher Education Offering - TODAY - Scientific evidence is showing that returning to a simple lifestyle is often the best way to manage and treat chronic disease. This new frontier is called lifestyle medicine, and it's the focus of the Lifestyle Research Centre at Avondale College of Higher Education. Today's offering supports the Lifestyle Research Centre as it continues to lead in the study of lifestyle medicine and grows its contribution to the Seventh-day Adventist Church's comprehensive health strategy. Giving to the offering will: offer seed money to Pacific islanders to begin postgraduate research in lifestyle medicine at Avondale; and support two of the centre's projects—Lifestyle Intervention and Infection Prevention. Your offering will improve wellbeing by reducing the burden of chronic disease and reducing the impact of preventable infections. It will also empower those with influence to share their knowledge with those in their communities, many of which are now having to meet the challenge of treating chronic lifestyle medical issues. Thank you for your support of the Lifestyle Research Centre at Avondale College of Higher Education.
